Rakesh Mohan Committee Report

2172. SHRI KRISHNA KUMAR BIRLA:
SHRI SURESH PACHOURI:

Will the Minister of RAILWAYS be pleased to state:

(a) what are the major recommendations of the Rakesh Mohan Committee Report on Indian Railways;

(b) whether Government have since examined these recommendations; if so, the details thereof;

(c) how far these have been taken care of in the Railway Budget 2002-2003; and

(d) the reasons for not fully implementing the recommendations of the Report and Government's reaction regarding their implementation?

†Original notice of the question was received in Hindi.

THE MINISTER OF STATE IN THE MINISTRY OF RAILWAYS (SHRI O. RAJAGOPAL):(a) The major recommendations of the Railway Expert Group headed by Dr. Rakesh Mohan are as under:

1. Institutional separation of roles into policy, regulatory and management functions. This will mean:

i. Policy makers are limited for setting policy (and paying for what they ask for). The Government of India will be in charge of setting policy direction.

ii. Provide operational authonomy and insulate Indian Railways by corporatising it into "Indian Railways Corporations" (IRC). It would be governed by a reconstituted Indian Railways Executive Board.

iii. Set up an Indian Rail Regulatory Authority to regulate IRC's activities as a monopoly supplier of rail services particularly related to tariff setting.

2. *Ex ante* acceptance and commitment by the Government and Indian Railways that Indian Railways will operate on commercial lines are the necessary conditions for the reorganisation to be successful exercise. Non-commercial activities mandated by the government will be clearly demonstrated and Indian Railways appropriately compensated for such activities.

3. In view of financial crisis Indian Railways to pursue the strategic High Growth pattern for financial recovery.

4. Exemption from taxation—excise, sales tax etc. for the period of transition, say 5—7 years.

5. Set up a Social Safety net to take care of surplus labour.

6. Restructuring of financial accounts of Indian Railways in accordance with the Companies Act, 1956.

7. Spinning off non-core activities.

8. Rebalancing of tariffs to eliminate cross subsidisation.

(b) to (d) A Committee of senior officers of Railway Board are examining the various recommendations and will be submitting its report soon.

In the budget proposals 2002-03, a beginning has been made to rationalise the freight structure by removing existing anomalies that had crept up in the

course of time. It has also been proposed to rationalise the passenger fares for proper tariff rebalancing by modifying the taper in the fare structure to remove the existing anomalies and making other marginal changes in respect of minimum fares and rationalising the relativity of fares of various classes.

Implementation of the recommendations of the Report will be on the basis of the recommendations of the Committee of senior officers of Railway Board.
